LAKE CARGELLIGO SKATE PARK OPENING

The official opening of the Lake Cargelligo Skate Park was held Thursday 18th April 2019 at the brand new facility in Lake Cargelligo. A project made possible by the NSW government under the Stronger Country Communities Fund Round 1.

The opening was strongly attended and was a great success and thoroughly enjoyed by all involved. The community of Lake Cargelligo enjoyed skills sessions provided by Totem Skateboarding for the children whilst everyone was entertained by Australia’s national scooter champion Spencer Chermside and Totem Skateboarding and their demonstration showing off their skills and techniques.

Mayor John Medcalf and Deputy Mayor Paul Phillips officially opened the skate park and thanked all those involved.

“It was wonderful to see a great turn out for the opening with so many members of the community coming down and enjoying the new facility. A big thank you to all the volunteers that came down and contributed to the opening’s success”, said Mayor Medcalf.

“Congratulations to everyone involved on the completion of the Lake Cargelligo Skate Park”, concluded Mayor Medcalf.
