

GENERAL WASTE

The red lid bin is for the weekly collection of general waste.

Disposing of general waste in the red bin system is for household items only.

What goes in this bin?

Food Waste

Plastic Bags
& Packaging

Nappies

Polystyrene
Products

Ceramics, Pyrex
& Drinking Glasses

Where does it go after collection?

General waste is collected and transported to a local landfill facility. Any reusable or recyclable products placed into your general waste bin cannot be recovered and are lost forever.

Please be conscious of your waste.

Please DO NOT put these items in your red bin!

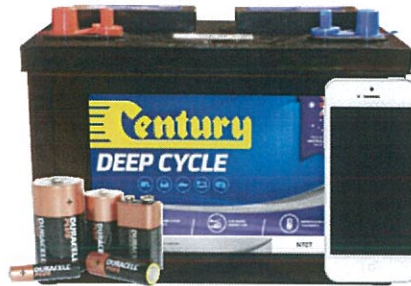

Paints & Chemicals

Clothing, Shoes & Bedding

Building Materials

Batteries & E-waste

Syringes & Medical Waste

Hints and Tips

Only general household waste should be placed in your garbage bin.

All bins need to be removed by the resident within 24 hours of being emptied

If your bin is damaged please contact 1800 316 598 to arrange repairs.

All materials placed in the general waste bin are sent to landfill and lost forever. Materials that can be reused such as books, clothing, furniture and appliances should be separated and taken for reuse to your local charity.
