

30 March 2020

Mayor: Councillor John Medcalf OAM

General Manager: Greg Tory

FOR IMMEDIATE RELEASE

MEDIA RELEASE

CARAVAN PARKS UPDATE

Lachlan Shire Council advises that the current Public Health Order regarding caravan parks has been amended.

This means there are transitional arrangements for people that are staying in caravan parks currently under an existing booking. However, no new bookings can be accepted, no extension of their current booking can be made and anyone without a booking before 25 March cannot stay.

Council is not required to ask people to move on who were staying in a caravan park or on a camping ground at 11:59pm on 25 March 2020 under a previously made booking. A previously made booking, however cannot be extended to allow someone to stay.

Council reminds the public to keep practicing good hygiene and social distancing during this time.

Updated coronavirus information is available on Council's Facebook page and on a dedicated page on our Website at <http://www.lachlan.nsw.gov.au/covid-19-info.aspx>
