## 1. INTRODUCTION

This pesticide use notification plan has been prepared in accordance with the requirements of the Pesticides Regulation 1995 (the Regulation).

The aim of this plan is to meet the community's general right to know about pesticide applications made to outdoor public places that are owned or controlled by public authorities. The plan allows members of the community to take action to avoid contact with pesticides, if they wish. Council ensures that pesticides are applied to public places in a safe, responsible manner, minimising harm to the community or the environment.

The plan sets out how Council will notify members of the community of pesticide applications made by Council to public places.

The plan describes:

- What public places are covered by the plan.
- Who regularly uses these public places and an estimate of the level of use.
- How and when Council will provide the community with information about its pesticide applications in public places (i.e. what notification arrangements will be used).
- How the community can access this plan and get more information about Council's notification arrangements.
- How future reviews of the plan will be conducted.
- Contact details for anyone wishing to discuss this plan with Council.

The majority of pesticide use consists of applying herbicides for weed control and applying insecticides to manage spiders and ants. Insecticides are used for ant control to protect structures and public safety wherever this is considered an effective solution. Other pesticides used include fungicides, rodent baits and rabbit baits. The majority application of pesticides to the outside of Councils public buildings is carried out by Council and the majority application of pesticides to the inside of Councils public buildings is carried out by Contractors. Further information on Council's pesticide use can be obtained by calling Director of Technical Services on 02 6895 4444 or by visiting the website [www.lachlan.nsw.gov.au](http://www.lachlan.nsw.gov.au).

## 2. PUBLIC PLACES COVERED BY THIS PLAN

Council proposes to use or allow the use of pesticides in the following categories of outdoor public places within this Council's local government area:

- Parks, public gardens, playgrounds and picnic areas
- Sporting fields and ovals
- Road verges, laneways, reserves and footpaths
- Easements accessible to the public
- Drains
- Public buildings
- Airports
- Cemeteries
- Swimming Pools
- Caravan Parks
- Rubbish Tips
- Council Depots

This plan will also provide information on how notice will be provided to the community of pesticide use in the interiors of the following council buildings: council chambers, libraries, community halls/centres and childcare facilities.

Council's estimate of the level of community use, and regular user groups for each of these public place categories is summarised in the following table. Although not required by the Regulation, a summary of the type of pesticide use in each category of public place is also provided.

<b>Public places owned or controlled by Council</b>	<b>Regular user groups</b>	<b>Level of use of public place</b>	<b>Type of pesticide use</b>
<b>Public parks, gardens, Playgrounds and Picnic areas</b>	<ul style="list-style-type: none"> <li>• Children and young families</li> <li>• Elderly people</li> <li>• General recreational users (e.g. joggers, dog-walkers, picnickers).</li> <li>• Other social groups (e.g. ethnic, religious, clubs)</li> </ul>	Very high (frequent use by multiple users, with short to medium length stays)	<ul style="list-style-type: none"> <li>• Spot herbicides</li> <li>• Spot insecticides</li> <li>• Broad-scale selective herbicides</li> <li>• Broad-scale insecticides</li> <li>• Fungicide (usually garden beds)</li> <li>• Spray ant control</li> </ul>

<b>Public places owned or controlled by Council</b>	<b>Regular user groups</b>	<b>Level of use of public place</b>	<b>Type of pesticide use</b>
<b>Sporting fields, ovals and related sporting facilities</b>	<ul style="list-style-type: none"> <li>• Sporting clubs and associations</li> <li>• School sports groups</li> <li>• General recreational users (e.g. joggers, dog-walkers)</li> </ul>	High	<ul style="list-style-type: none"> <li>• Spot herbicides</li> <li>• Spot insecticides</li> <li>• Broad-scale selective herbicides</li> <li>• Broad-scale insecticides</li> <li>• Spray ant control</li> </ul>
<b>Road shoulders, verges, laneways road reserves and footpaths</b>	<ul style="list-style-type: none"> <li>• Local residents or visitors walking or driving on the road</li> <li>• People who work in the area</li> </ul>	Low for rural roads; Medium to high for urban roads	<ul style="list-style-type: none"> <li>• Spot herbicides</li> <li>• Broad-scale non-selective herbicides</li> <li>• Broad-scale insecticides</li> <li>• Spray ant control</li> </ul>
<b>Easements accessible to the public (specifically road, sewer or stormwater)</b>	<ul style="list-style-type: none"> <li>• Local residents and people who work in the area</li> </ul>	Low to medium	<ul style="list-style-type: none"> <li>• Spot herbicides</li> <li>• Broad-scale selective herbicides</li> </ul>
<b>Council drains</b>	<ul style="list-style-type: none"> <li>• Local residents living adjacent to a drain;</li> <li>• Local residents or visitors who walk or drive past a drain.</li> </ul>	Low to medium	<ul style="list-style-type: none"> <li>• Broad-scale non-selective herbicides</li> <li>• Spot herbicides</li> </ul>
<b>Public Council buildings (including interiors)</b>	<ul style="list-style-type: none"> <li>• Library users (including young children, school groups and the elderly)</li> <li>• Young children and their carers (childcare facilities)</li> <li>• Parents groups/ playgroups</li> <li>• The elderly</li> <li>• Community associations</li> <li>• Church groups</li> <li>• Shire residents</li> </ul>	High	<ul style="list-style-type: none"> <li>• Spot insecticides</li> <li>• Bait rodenticides</li> <li>• Spray termiticides</li> <li>• Spray ant control</li> <li>• Broad-scale insecticides</li> </ul>

<b>Public places owned or controlled by Council</b>	<b>Regular user groups</b>	<b>Level of use of public place</b>	<b>Type of pesticide use</b>
<b>Airports</b>	<ul style="list-style-type: none"> <li>• Aviators</li> <li>• Visitors</li> <li>• Emergency Services personnel</li> <li>• Sporting clubs and associations</li> <li>• Council employees</li> </ul>	Low	<ul style="list-style-type: none"> <li>• Spot herbicides</li> <li>• Spot insecticides</li> <li>• Broad-scale non-selective herbicides</li> <li>• Spray ant control</li> <li>• Fumigation (rabbits)</li> <li>• Broad-scale insecticides</li> </ul>
<b>Cemeteries</b>	<ul style="list-style-type: none"> <li>• Visitors</li> <li>• Shire residents</li> </ul>	Low	<ul style="list-style-type: none"> <li>• Spot herbicides</li> <li>• Spot insecticides</li> <li>• Broad-scale selective herbicides</li> <li>• Broad-scale non-selective herbicides</li> <li>• Spray ant control</li> <li>• Fumigation (rabbits)</li> </ul>
<b>Swimming Pools</b>	<ul style="list-style-type: none"> <li>• Shire residents</li> <li>• Visitors</li> <li>• School children</li> <li>• Swimming clubs</li> </ul>	High in summer	<ul style="list-style-type: none"> <li>• Spot herbicides</li> <li>• Spot insecticides</li> <li>• Spray ant control</li> <li>• Broad-scale insecticides</li> </ul>
<b>Caravan Parks</b>	<ul style="list-style-type: none"> <li>• Visitors</li> <li>• Temporary residents</li> </ul>	High	<ul style="list-style-type: none"> <li>• Spot herbicides</li> <li>• Spot insecticides</li> <li>• Spray ant control</li> <li>• Fungicide (usually garden beds)</li> <li>• Broad-scale insecticides</li> </ul>
<b>Rubbish tips</b>	<ul style="list-style-type: none"> <li>• Shire residents</li> <li>• Council employees</li> </ul>	Low	<ul style="list-style-type: none"> <li>• Broad-scale non-selective herbicides</li> </ul>
<b>Council Depots</b>	<ul style="list-style-type: none"> <li>• Shire residents</li> <li>• Council employees</li> </ul>	Medium	<ul style="list-style-type: none"> <li>• Spot herbicides</li> <li>• Spot insecticides</li> <li>• Broad-scale insecticides</li> </ul>

### 3. NOTIFICATION ARRANGEMENTS

This section of the plan describes how and when Lachlan Shire Council will provide notice of pesticide use in public places. These notification arrangements are based on Council's assessment of:

- The level of usage of public places where pesticides may be used
- The extent to which members of the public who are most likely to be sensitive to pesticides (e.g. young children, sick, pregnant and elderly people) and are likely to use these areas regularly
- The extent to which activities generally undertaken in these areas could lead to some direct contact with pesticides (such as picnic areas where food is consumed; sporting or other recreational activities that result in contact with the ground)
- Type of pesticide used.

Notice of pesticide use will be provided by a combination of:

- Signs
- Information on Council's website (which will describe programmed, reactive and emergency pesticide use in public places)
- Advertisements in local papers
- Letters to registered Pesticide persons and sensitive areas
- Personal contact in emergency applications only.

Council will also allow persons and organisations to nominate to have their details placed on a central register which would allow them to be notified of certain types of pesticide uses in particular places, as described in this section of the plan.

Council uses small quantities of some pesticides that are widely available in retail outlets and ordinarily used for domestic purposes (including home gardening). Council does not intend to provide notice for such pesticide applications other than by way of this description in this plan (or general information on Council's website). This will apply to minor control of indoor and outdoor insect pests using baits or aerosol spray cans and spot weed control using a wand or hand-held spray bottle.

Notice will not be given of the following pesticide uses

- Minor spot spraying of isolated vegetation on Council land with herbicide or insecticides
- Where chemical is below a Schedule 6 for spot spraying only, e.g. herbicides are glyphosate products, round-up
- Minor control by spot application of chemicals to nuisance pests such as ants.
- Emergency control work – signage only will be provided.

### 3.1 OUTDOOR RECREATION AREAS

The notification arrangements described below will apply to the following public place categories owned or controlled by Council within the local government area (LGA):

- Public parks and gardens
- Playgrounds
- Picnic areas
- Sporting fields, ovals and related sporting facilities
- Swimming pools.

In these public places, signs will be provided to the general community near the application area or main entrance at least 48 hours prior to application and remain for at least 48 hours afterwards for the following pesticide uses:

- Broad-scale selective herbicides
- Broad-scale insecticides
- Fungicides (on the relevant garden beds)
- Spray ant control

Where any of the above pesticide uses occur adjacent to sensitive places (see definition of ‘sensitive places’, under subsection e) Special measures for sensitive places) the occupiers will be provided with 48 hours prior targeted notice by phone, mail or letterbox drop (whichever is most practicable).

For **sporting fields, ovals and related sporting facilities**, sporting groups and occupiers of adjacent sensitive places who register interest with Council can also have notice of the above pesticide uses faxed or emailed at least 48 hours prior to application.

Information will be available to the general community on council’s website about the forward program for the above applications (updated every 3 months), and on the following pesticide uses in outdoor recreation areas:

- Spot herbicides
- Spot insecticides
- Bait ant control.
- Broad-scale insecticides.

### 3.2 OUTDOOR PUBLIC THOROUGHFARES AND CERTAIN EASEMENTS ACCESSIBLE TO THE PUBLIC

The notification arrangements described below will apply to the following categories of public place owned or controlled by Council within the LGA:

- Laneways and pathways
- Road shoulders, verges, road reserves and footpaths
- Road, sewer and electricity easements accessible to the public
- Drains.

In these public places, information on the forward program for broad-scale herbicide will be posted on Council's website every 3 months. For **drains** only, information on the forward program for use of herbicides will also be included in Council's regular box advertisements in local newspapers every 3 months.

Information on the programmed and reactive spot use of herbicides will also be posted on Council's website every 3 months. Where programmed spot herbicide applications occur on outdoor public thoroughfares and the above easements, adjacent to sensitive places, and/or for parties who register interest with Council, notice will be provided beforehand.

Notice will not be given where occupiers of properties adjacent to Council public places use pesticides on parts of these public places near their properties.

### **3.3 CERTAIN COUNCIL BUILDINGS**

For pesticide use in and around Council chambers, Council owned libraries, community halls and centres, childcare facilities, nursing homes and elderly facilities that are owned or controlled by Council, signs will be provided near the application area or main entrance at least 48 hours prior to application and remain for at least 48 hours afterwards for the following pesticide uses:

- Spot use of insecticides
- Bait rodenticides
- Spray termiticides
- Spray ant control.

Information for the general community will be posted on Council's web-site every 3 months about the above applications and on the following pesticide uses in the above Council buildings:

- Spray termiticides
- Spray ant control.
- Broad-scale insecticides.

In addition, 5 days prior notice of all programmed pesticide use in Council childcare and elderly facilities will be given to operators of the facilities

### **3.4 OTHER PUBLIC CONTROLLED PROPERTIES**

The notification arrangements described below will apply to the following categories of public place owned or controlled by Council within the LGA:

- Airports
- Cemeteries
- Caravan parks
- Council depots
- Rubbish tips
- Sale Yards

In these public places, information on the forward program for broad-scale herbicide will be posted on Council's website every 3 months.

Information on the programmed and reactive spot use of herbicides will also be posted on Council's website every 3 months. Where programmed spot herbicide applications occur on outdoor public controlled properties, adjacent to sensitive places, and/or for parties who register interest with Council, notice will be provided beforehand.

Notice will not be given where occupiers of properties adjacent to Council public places use pesticides on parts of these public places near their properties.

### **3.5 SPECIAL MEASURES FOR SENSITIVE PLACES**

Clause 11J (1) of the Pesticides Regulation defines a sensitive place to be any:

- School or pre-school
- Kindergarten
- Childcare centre
- Hospital
- Community health centre
- Nursing home
- Place declared to be a sensitive place by the Environment Protection Authority (EPA) – now a part of the Department of Environment and Conservation (DEC).

Special notification measures for programmed pesticide use in outdoor public places adjacent to sensitive places for each category of public place have already been noted.

For non-emergency reactive pesticide use in outdoor public places next to sensitive places, Council will provide concurrent notice shortly before use to the occupier by mail or letterbox drop, depending upon what is practicable.

If a pesticide must be used to deal with an emergency in an outdoor public place that is adjacent to a sensitive place, Council will organise a door-knock in that sensitive place, preferably at least 30 minutes before, so people are aware that a pesticide is about to be used to deal with a dangerous pest infestation.

### **3.6 EMERGENCY PESTICIDE APPLICATIONS**

In cases where emergency pesticide applications in public places are required to deal with biting or dangerous pests such as wasps, bees, venomous spiders, fleas, bird mites or rodents (that pose an immediate health hazard), Council will, where possible, provide notice by posting signs nearby at the time of the application. If this is not possible, Council will provide information via its Council office on 6895 4444, or by request to the person applying the pesticide.

### **3.7 PESTICIDE CONTRACTORS AND LESSEES OF PUBLIC PLACES**

Where Council uses contractors to apply pesticides on its behalf, Council will ensure that notification is made in accordance with the notification requirements of this plan. Where persons or organisations hold an existing lease on Council land that remains a public place and if they use pesticides in this area, Council will still require notification in accordance with the requirements of this plan.

## **4. WHAT INFORMATION WILL BE PROVIDED**

In accordance with clause 11L (2) (g) of the Pesticides Regulation, notices of pesticide use must include **all** the following information:

- The full product name of the pesticide to be used
- The purpose of the use, clearly setting out what pest or pests are being treated
- The proposed date/s or date range of the pesticide use
- The place where the pesticide is to be used
- Contact telephone number and email address of the Council officer who people can contact to discuss the notice
- Any warnings regarding re-entry to or use of the place of application specified on the product label or the Australian Pesticides and Veterinary Medicines Authority (APVMA) permit.

Signs will be of a standardised design that will be easily recognisable to the public and workers.

As already noted, Council's website will have a dedicated area that describes its programmed, reactive and, if practicable, emergency pesticide use in public places with a link to this notification plan. The relevant website address will be publicised in rate notices and by regular inclusions in Council's regular weekly block newspaper advertisement in local newspapers.

## **5. HOW THE COMMUNITY WILL BE INFORMED OF THIS PLAN**

Council will advise residents of the contents of the plan and its contents by:

- Making a copy of the plan available for public viewing free of charge in Council's main office at 58-64 Molong Street and agencies located in Tottenham and Lake Cargelligo during office hours
- Placing a copy of the plan on the Council website at [www.lachlan.nsw.gov.au](http://www.lachlan.nsw.gov.au)
- Placing a notice in the Lachlander, the Argus, the Lake News and the Talk in Tottenham
- Placing a notice in the NSW Government Gazette

## **6. FUTURE REVIEWS OF THE PLAN**

The notification plan will be reviewed every 3 years. The review will include:

- A report on progress of implementing the plan
- Placing the plan on public exhibition, with any proposed changes and calling for public submissions
- In the light of public submissions, making recommendations for alterations (if applicable) to the plan.

## **7. CONTACT DETAILS**

Anyone wishing to contact Council to discuss the notification plan or to obtain details of specific details of pesticide applications in public places should contact:

Director of Technical Services  
P O Box 216  
CONDOBOLIN NSW 2877

Phone: 02 6895 4444

Fax: 02 6895 3478

Email: [council@lachlan.nsw.gov.au](mailto:council@lachlan.nsw.gov.au)

Or access the website: [www.lachlan.nsw.gov.au](http://www.lachlan.nsw.gov.au)

## **8. APPENDICES**

- A. Template for pesticide notification
- B. Application for registration of pesticide sensitive persons and sensitive areas; including a template of the register of pesticide sensitive persons and sensitive areas.
- C. Classification of Public Properties

**APPENDIX A**

**TEMPLATE FOR PESTICIDE NOTIFICATION**

**PESTICIDE NOTIFICATION NOTICE**

<b>Product Name:</b>	
<b>The Purpose of the Use:</b>	
<b>Proposed Dates of Use:</b>	
<b>The Place of Use:</b>	
<b>Sensitive Areas Effected:</b>	
<b>Contact Person:</b>	Weeds Inspector – Allan Dodgson
<b>Contact Telephone Number:</b>	02 6859 4444
<b>Warnings about limitations on the subsequence use of or entry onto the land specified on the approved label or pesticide permit:</b>	

Note:

1. Full product name to be stated
2. Purpose of use e.g.: weed control, ant control etc.
3. Date must be at least 1 week in advance
4. Area, park name, street name (if need be identification of section of road or street)

A copy of this notice is to be given to the GM’s Secretary for inclusion in relevant local newspapers.

A copy also to be given to the IT Officer for posting on Councils website.

This original is to be filed on Councils electronic filing system.

**APPENDIX B**

**APPLICATION FOR REGISTRAION OF PESTICIDE SENSITIVE PERSONS AND  
SENSITIVE AREAS FORM  
REGISTER OF PESTICIDE SENSITIVE PERSONS AND PESTICIDE SENSITIVE  
AREAS**

**APPLICATION FOR REGISTRAION OF PESTICIDE SENSITIVE PERSONS AND SENSITIVE AREAS**

To be registered with Lachlan Shire Council as a pesticide sensitive individual or as a pesticide sensitive area, complete this application form. This application form is used to determine whether you qualify to be registered. You have the right to inspect, amend or correct the application you submit. All of the information in this application is a matter of public record. Your name, address(s), and phone number(s) will be shared with pesticide applicators so that they may notify you before making a pesticide application on property abutting yours.

I hereby request to be placed on the list of pesticide sensitive individual / area (cross out which does not apply).

PLEASE PRINT
