All unsealed roads within Lachlan Shire are closed to vehicles over three (3) tonne GVM until 9:00 am Monday 26 May 2025, when the condition of the roads will be reviewed.

Motorists are asked to use extreme caution when travelling on roads and causeways impacted by flood and storms.

**It is an offence to remove or relocate closed road signs. This puts other motorists at risk. Offenders can be prosecuted by the NSW Police Force.**

Council road repair plant and Emergency Services (including Utility Services emergency response) are exempted, subject to normal risk assessment.

Please note that concessions are possible on request, for urgent transport activity on routes considered suitable to carry the proposed loading. Contact Lachlan Shire Council's Infrastructure Services Department to discuss requirements for a concession.

The information provided is updated as changes occur to the road network. If it has not been updated, the conditions are considered the same.
