

Request for Compensation

This form should only be used if you intend making a claim for compensation against Council. However, making a claim does not automatically entitle you to compensation for loss or injury – it will depend on whether the incident has been caused by the fault or negligence of Council or if Council has failed in its statutory duty.

The provision and receipt of this form is not an admission of liability and should **not** be used if:

1. you only wish to report an incident; you are requesting repairs to Council property (i.e. roads, footpaths) or you are making a complaint. In those circumstances, you should contact the Human Resources Team on 68951900 for further information.
2. your incident involved a pit lid or similar infrastructure owned by a utility (e.g. Telstra, Optus, NBN, Water, gas, power authority etc.). Refer to the utility's website for further information.
3. All documents you wish to be considered should be submitted with this form. It is in your interests to submit as much information as possible. These documents could include photos, repair quotes, invoices, receipts, medical reports or engineers' reports – depending on what you are claiming.
4. Council will investigate the circumstances surrounding the incident to establish whether or not Council has any legal liability and all claims will be considered on their individual circumstances. Council is not liable for loss or damage unless it has acted negligently or in breach of some other aspect of the law. It is the claimant's responsibility to provide evidence that Council has acted negligently.
5. Any incomplete or unsigned form will be returned to you.
6. It is your responsibility to put an estimated value on any property loss and we require original receipts or invoices and/or two repair/replacement estimates, along with confirmation of the age of the damaged item/s.
7. It is your duty to take reasonable steps to reduce the value/extent of any loss and to ensure as far as possible that your property is not damaged further.
8. In the absence of photographic and comprehensive evidence or if you dispose of any damaged property before Council have had the opportunity to carry out its investigations, your claim may be prejudiced.
9. Any alleged loss that is found to have been fraudulent, falsely stated or exaggerated will be passed onto the relevant authorities for investigation and may be subject to prosecution.
10. Your claim is against Council, not an insurance company as Council does not have insurance to cover claimants in these circumstances, and therefore ratepayers' funds would have to be used for any claims that are accepted and settled.
11. Under most circumstances, your loss or damage will be covered by your own insurance e.g. car, buildings, contents. A claim on your insurance policy is likely to be resolved more quickly than a claim against Council because you will not need to establish negligence. Your insurance may also provide better benefits and settlement terms such as "new for old" whereas Council's liability is legally limited to the value of loss immediately prior to the incident.
12. Your claim will be acknowledged within 5 working days.
13. If your claim is accepted but you have any outstanding debt with Lachlan Shire Council (e.g. rates), this sum will be offset against the payment of any claim.

9. Evidence

10. Photographs

One of the most effective ways to avoid confusion about the circumstances surrounding your claim is through the use of photographs. Without this information, Council is unable to be sure it is investigating the correct issues. You are required to provide a **minimum of 3 photographs** in support of your claim. Your photographs need to show the following:

- The area of property that has sustained damage;
- A clear marking on the photo showing an area where a trip and fall occurred
- Clear photographs of roots and trees if you are making a tree root claim;
- Photos of injuries if relevant and a variety of shots and angles to clear show the situation
